

Help Fra Noi

TAKE FLIGHT!

FRA NOI IS PREPARING TO *Soar* INTO THE DIGITAL ERA — but we need your help to leave the nest. While so many other publications have reached new heights by adding an online version, we're still print-only and it's high time we spread our technological wings.

The ascent will be steep, costing upward of \$28,000 to overhaul our programs, magazine design and website. But the benefits will be beyond measure. With the help of social media, we'll be able to reach whole new audiences, ensuring a bright future for our beloved publication by placing it just a screen tap or mouse click away.

Every time Fra Noi has faced a challenge or pursued a lofty goal in the past, our readers have given from the heart to put us over the top. We hope you're able to do the same this time around.
